

What are CLCs?

Many students are seeking an alternative to the traditional route of earning a high school diploma. The performance-based diploma at the Greenbush Community Learning Centers may be just the alternative students are seeking.

The Community Learning Centers have been developed by Greenbush and area school districts in an effort to provide an alternative education for students who have dropped out of school.

A motivated student can conceivably complete the coursework in much less time than in a traditional classroom.

We offer classes that are tailored to meet the individual needs of our students.

We have flexible hours to accommodate busy schedules.
