

## What are CLCs?

Many students are seeking an alternative to the traditional route of earning a high school diploma. The performance-based diploma at the Greenbush Community Learning Centers may be just the alternative students are seeking.

The Community Learning Centers have been developed by Greenbush and area school districts in an effort to provide an alternative education for students who have dropped out of school.

A motivated student can conceivably complete the coursework in much less time than in a traditional classroom.

---

## A Second Opportunity for a High School Diploma

We offer classes that are tailored to meet the individual needs of our students.

We have flexible hours to accommodate busy schedules.

We are committed to providing educational opportunities to people of all backgrounds and skill levels.

## Change Your Future!

The Pony Express Learning Center is your Community Learning Center option in the Marshall, Nemaha, and Washington county areas if you didn't complete high school with your class. Now is your chance to finish what you started, regardless of how long ago that may have been. At the Pony Express Learning Center you can work to complete standard academic curriculum using computer-based courses, working with qualified instructional staff. Conveniently located on the Marysville Schools campus with a separate entrance right off Highway 77 in Marysville, Kansas. This program is open at least four days a week and remains open into the evening two of those days. Ultimately you set your own hours to work around your lifestyle and schedule.

In this self-paced computer-based instructional facility students start from where they left off in high school to earn a diploma from one of the sponsoring high schools: Axtell, Centralia, Frankfort, Marysville, Nemaha Valley, or Valley Heights. Enrollment is ongoing year round, but don't wait to finish what you started.

Technology efficiency and productivity classes are also offered to community members at the Pony Express Learning Center for a low \$20.00 fee. The instruction is done on-line through LearnKey, a computer based instructional tool. Classes offered include Microsoft Office 2003 and 2007 applications such as Access, Excel, Word, Outlook Express, and Power Point. Classes are also available in basic computing, Windows Vista, and understanding the internet. More classes are available, call to get a full listing.

Students still in high school needing to catch up on credits or needing a bit of extra help can talk to their counselors about the opportunities Pony Express Learning Center has available to them through tutoring services and their Student For Credit program. These services are offered at additional cost and must be approved through the student's school district.

Let us help you find the right path!

# Features of the Program

★ *Classes are ongoing and may be joined at any time.*

★ *Many computer skills will be gained, but none are required to start!*

★ *Finishing your diploma only costs an annual \$10 enrollment fee. So why wait?*

★ *Finding out more and enrolling are easy call 785-629-8140 or 620-875-0640 or stop by the Pony Express Learning Center, off Hwy 77 in Marysville.*

★ *Jumpstarting your future can start today!*
