

What are CLCs?

Many students are seeking an alternative to the traditional route of earning a high school diploma. The performance-based diploma at the Greenbush Community Learning Centers may be just the alternative students are seeking.

The Community Learning Centers have been developed by Greenbush and area school districts in an effort to provide an alternative education for students who have dropped out of school.

A motivated student can conceivably complete the coursework in much less time than in a traditional classroom.

A Second Opportunity for a High School Diploma

We offer classes that are tailored to meet the individual needs of our students.

We have flexible hours to accommodate busy schedules.

We are committed to providing educational opportunities to people of all backgrounds and skill levels.

Step Up II is Now Enrolling

This is an excellent opportunity to regain what you once lost. This is your chance to get a High School Diploma or build your educational skills.

Ask your RCM to refer you to the Step Up II program. Clients with a GED are also eligible to enroll.

Senior & Skill Building

Clients who do not have their GED or High School Diplomas are recommended to attend Step Up II by their RCM(s).

The recommended client is then assigned to either the Senior Program (must 18+ high school credits) or the Skill Building Program. Clients earn high school credits in both programs.

The Skill Building Program is designed to increase the client's knowledge of the basic core courses: Math, English, Science, and Social Studies; whereby the client has a greater potential of passing the actual GED Pre-Test when recommended by their RCM to take it at a designated site.

Step Up II's Diploma Track

★ *Social Studies*

American History
Economics
Consumer Economics
Government
US Geography
World History
World Geography

★ *Language Arts*

English Grades 9–12
Speech
